[Safety Plan v1.4 VC Radford.pdf](#)

Hi All,

Thank you for your time at this morning's Flight Readiness Review. I am following up on the action items from today's meeting with the revised Safety & Mishap Plan incorporating Rich and Wai Kwong's comments from last week as well as today's requested additions.

Rich, Mark, and Dave (our Range Safety Officer coming to Radford) wanted to have a telecom with the Army Range Operator, who I have down as Calvin Conley, to discuss possibly having Calvin trained by Dave while there to cover week #2 of operations. I have attached below the updated NASA Safety & Mishap Plan along with the final, signed EPA QAPP.

Best,
